MAUI PLANNING COMMISSION
SPECIAL MANAGEMENT AREA PERMIT APPLICATION

SOURCE OF LEGAL AUTHORITY: Chapter 205A, Hawaii Revised Statutes, as amended.

INFORMATIONAL SHEET

The purpose of the Special Management Area Permit is to regulate any use, activity or operation that qualifies as a "development," and has a total cost of fair market value of \$125,000 or more; or has significant adverse environmental or ecological effect within the Special Management Area. This application provides a means to preserve, protect, and where possible, restore the natural resources of the coastal zone of Hawaii by establishing special controls on development within the areas along the shoreline so as to avoid the permanent loss of valuable resources and the foreclosure of land use and management options, and insure that adequate public access is provided to beaches, recreational area, and natural reserves.

Upon submittal of a Special Management Area Permit Application, it will be reviewed by the Central Coordinating agency (Department of Public Works and Environmental Management, Development Services Administration) for completeness. For purposes of Central Coordinating Agency review, completeness means all required documents have been filed.

Upon receipt of the application from the Central Coordinating Agency, the Director will review the application based upon the policies, objectives, and guidelines as provided in Sections 12-202-10 and 12-202-11 of the Special Management Area Rules and, if necessary, request additional data or information.

Upon receipt of all information necessary for processing, the Director shall transmit the application to appropriate agencies for review and comment. Upon receipt of final agency comments, the application shall be deemed complete by the Director and shall be scheduled for public hearing.

If applicable, the applicant shall present the proposed development to the Urban Design Review Board, Cultural Resources Commission and Napili Bay Civic Improvement District Advisory Committee or the Hana Advisory Committee for comment and recommendation to the Commission.

Prior to the Planning Commission hearing, the following must be completed:
